## Beneteau

BENETEAU 38GT Lying in Ibiza, Spain. One of the first powerboats that Beneteau opted to import into the US was the Gran Turismo 38. No other builder has a better sailboat track record in the United States than Beneteau. They have been making powerboats for years, but the demand in Europe has been so great that there hasn't been enough supply to meet demand. All of that changed with the Gran Turismo series! She is a fantastic day and party boat with a cozy cockpit, but her interior also cradles you in comfort. Joystick control and dependable Volvo power make maneuvering her around the dock worry-free. Therefore, whether it's a trip with friends and family, a romantic afternoon on the sea, or a weeklong trip this is your best option. Open to offers.
